

More peace of mind with your First Bank debit card.

Be The First To Know About Possible Debit Card Fraud

Your First Bank debit card now provides the peace of mind that comes with Card Verifi Fraud Protection.

If unusual or risky activity occurs on your First Bank debit card, our new monitoring system will attempt to contact you to assist in verifying the transaction. Once contacted, you can confirm the purchase or indicate that you did not initiate the purchase.*

If you did not initiate the purchase or if you cannot be reached, your debit card will be disabled to prevent fraudulent charges. In order to contact you, it is important that we have your current email address and phone numbers for calls or texts (if opted in).**
